

State Street Bank International GmbH – Succursale Italia

RTS-28 Disclosure 2019 – State Street Global Services – Order Receipt and Transmission

The amended Markets in Financial Instruments Directive (“**MiFID II**”) came into force across Europe on 3 January 2018. RTS 28 of the Directive requires investment firms who execute client orders to summarise and make public on an annual basis, for each class of financial instruments the top five execution venues in terms of trading volumes where they executed client orders in the preceding year and information on the quality of execution obtained.

State Street Bank International GmbH Italy branch (“**SSB Intl. GmbH Italy Branch**”) provides order execution services as part of its Order Receipt and Transmission service (the “**RTO service**”).

Top 5 Execution Venues

¹ The execution venues represented in this report have been identified as the UCITS firms that issued one or more of the top five funds on which SSB Intl. GmbH Italy has executed clients’ orders under its RTO service in 2019.

Quality of Execution obtained

1. Relative importance of execution factors

While price is generally a key factor, the overall value to a client of a particular transaction may be affected by other execution factors. The relative importance of each of the factors will differ depending on the following best execution criteria:

- The characteristics of the client's order;
- The characteristics of the Financial Instrument to which the order relates;
- The characteristics of the available execution venue(s); to which the order can be directed.

2. Service specifications – RTO

In relation to the RTO service, orders in investment fund units, are executed on behalf of clients through SSB Intl. GmbH Italy branch and are not placed on any trading venue for execution. In all instances, investment fund units are purchased or redeemed directly from the investment manager of the relevant investment fund or their transfer agent. Consequently, the execution venue is pre-determined by the ordered investment fund and there is no secondary market activity in these instruments or other means of purchasing, selling or redeeming them by SSB Intl. GmbH Italy branch.

Due to the nature of the RTO service, SSB Intl. GmbH Italy branch has little, if any, discretion or control over the execution factors. In particular:

- **Price:** Price is determined by the published price for the fund during the relevant trading window.
- **Costs:** The costs applied will be the standard costs applied by the manager of the fund, or those negotiated by the client or its investment manager with that fund manager, if different. SSB Intl. GmbH Italy branch does not directly negotiate costs with the manager of the fund associated with trades in any circumstances.
- **Speed:** SSB Intl. GmbH Italy branch will place orders in the trading windows dictated by the relevant fund. Where there is no intraday/intra trading period variation in price, speed is of less relevance than would be the case for instruments traded on a regulated market. Where there are multiple trading windows, SSB Intl. GmbH Italy branch places each client order in the next available dealing window having regard to, among other things, the timing for completion of any operational or market processes on which the order is dependent.
- **Size:** The size of an order is always be dictated by the terms of the client's instructions to SSB Intl. GmbH Italy branch. There will be no element of discretion on the part of the RTO service in the size of the orders that are placed.

3. Close links, conflict of interest, common ownership and inducements

With reference to the RTO, SSB Intl. GmbH Italy branch does not pay or receive fees or commissions or provide or receive any non – monetary benefits from any subject different from the clients or a person who acts on behalf of clients themselves. SSB Intl. GmbH – Italy branch has

identified the possible conflicts of interest which may arise, in the performance of the RTO Service, between the branch and its clients, or among different clients of the branch and it handles such conflicts in order to avoid that they adversely affect interests of clients. The policy in place in respect of conflicts of interest is adopted by State Street Bank International GmbH and covers also SSB Intl. GmbH – Italy Branch. The Client has the right to obtain additional information on the above policy through magnetic support.

4. Client categorization

SSB Intl. GmbH Italy branch only provides investment services to clients classified as eligible counterparties or professional clients but not to retail clients. While the relevant Order Execution Policy only applies to professional clients, the level of scrutiny applied when executing client orders does not differ in relation to the client categorization.

5. External data and tools published or offered by execution venues or consolidated tape providers

In relation to the RTO Service, the execution venue is pre-determined by the ordered investment fund and there is no secondary market activity in these instruments or other means of purchasing, selling or redeeming them by SSB Intl. GmbH Italy branch. Consequently, SSB Intl. GmbH Italy branch does not take into account any external data or tools published or offered by execution venues or consolidated tape providers.
